

WORD FROM SENATE HAS BAD EFFECT ON MARKET

Better Conditions in London and Cheerful Copper Reports Noted

NEW YORK, May 25.—Reports of proceedings in the United States senate today were followed by a weakening of prices of stocks and active selling. This had a decisive effect, following the uncertain sagging tendency which had developed earlier. The drop in the market was in contrast with the better tone of foreign markets and the improvement of the elements in the situation that have been dreaded.

The London condition seemed to be relieved by the progress of the stock market settlement and by an easing of the money market there, which was reflected in a further decline in foreign exchange rates in New York. It is pointed out that the railroads are embarrassed as between their canvass for new capital and their plea for an increased carrying charge, by the desirability of claiming profitable earnings power on the one side and of pleading poverty on the other. News that a Chicago municipal bond offer at 4 1/2 per cent had brought no bids as high as par were discussed as signs of the times. So was the request that the Denver Reservoir Irrigation company made for extension of time on mature obligations.

Another sign of improvement in the credit situation was the report from Chicago that interior banks were paying off loans to Chicago banks on a scale sufficient to offer resources seeking employment in call loans in New York.

Copper trade advices retained the most cheerful note which has been heard from them recently.

The progress of the railroad bill in the senate is taken by the financial district to show a growth of the more radical forces.

Bonds irregular. Total sales, \$1,592,000. United States bonds unchanged.

NEWS BUDGET FROM SAFFORD

(Mrs. W. D. French, Correspondent)

SAFFORD, May 25.—A quiet wedding took place in Thatcher Monday evening, preceded by no announcement, and the girls feel aggrieved that they were given no chance to show their love and esteem for Miss Lillie Jacobson in the usual way of showering a bride with some of the little household conveniences and luxuries that all housewives prize. However, Calvin Clifford, who came in on the train Monday afternoon from Clifton, was in a hurry to claim his own and the young people made their appearance at the home of President Andrew Kimball in Thatcher that evening and were married. Tuesday morning the newly wedded couple left for Clifton, where they will take up their abode. Mrs. Clifford is the oldest daughter of George P. Jacobson, a business man of Safford, and is a charming girl. Calvin Clifford, brother of Henry Clifford, was a former resident of Layton and is well known throughout the valley.

This evening, at her home in Safford, Miss Myrtle Platt will be married to Bert Hatch of Thatcher, Bishop J. R. Welker officiating.

Miss May Morris entertained for Miss Platt last Monday at a linen shower and the girls made generous donations of useful and ornamental articles, which Miss Platt highly appreciated.

The sad intelligence was received this morning that Ben Reidel died last Friday at Antonio, Colo. Mr. Reidel had wintered in Safford for several years and left a few weeks ago with his family and father and mother for the more bracing air of his home in Colorado, but the late storms in that section of the country were too much for his delicate condition.

Edith Hoopes, the 12-year-old daughter of John Hoopes, Sr., passed away in Thatcher last Friday, after a long illness. The funeral was held Sunday morning for Phoenix.

Messrs. E. D. Anderson and Frank Stebbins are keeping Thatcher drive warm with the trips of their big E. M. F. car, which they brought in from Globe. Messrs. Anderson and Stebbins are guests at the Anderson ranch.

The Misses Hill, late arrivals from Illinois, have rented the Jennings cottage on L street.

M. A. Browning of Globe was an incoming passenger this morning.

Mrs. Mert Goodspeed of Duncan, is in town visiting relatives.

Mr. and Mrs. Frank Wightman of Globe, former residents of Thatcher, are in the valley on business and pleasure.

Jesse Lofgren left this morning for his home in St. David's, after several months spent in the valley.

Mrs. Emma Merrill was an outgoing passenger for Salt Lake City, Monday morning.

Mrs. H. T. Snyder of Salt Lake and Mrs. Cynthia Layton of Thatcher are late arrivals in the valley and will spend some time here visiting with relatives.

The home of Richard Layton of Thatcher was made happy last week by the advent of a little son. Girls abound in that household, but this is only boy No. 2.

Miss Caroline Montierth will favor Safford with one of her recitals next Thursday.

Miss Maud Woods of Thatcher has gone to Duncan for several weeks' visit with Miss Ruth Pace.

John D. Rockefeller would go broke if he should spend his entire income trying to prepare a better medicine than Chamberlain's Colic, Cholera and Diarrhoea Remedy for diarrhoea, dysentery or bowel complaints. It is simply impossible, and so says every one that has used it. Sold by all druggists.

PUPILS OF EIGHTH GRADE RECEIVE DIPLOMAS

School Years End with Appropriate Exercises at Dreamland

The graduation exercises of the eighth grade of the Globe grammar school, held last evening at Dreamland, were witnessed by an unusually large number of appreciative friends and relatives.

On the stage, which was beautifully decorated in class colors of purple and gold, forming a most effective background for the dainty white dresses of the girls, were seated the members of the class, the school board, County Superintendent Kellner, Prof. F. D. Smith and A. J. Matthews, president of the Tempe Normal school.

Proceeding the opening number of the program, a beautiful overture was rendered by the Globe City band, which later played several patriotic airs.

The address of welcome by Alpha Shuck was well delivered and reflected greatly to his credit as a declaimer, while the valedictory by Gordon Johnson was handled in a most masterful manner for a boy of his age. Miss Lenora Young gave a reading in her usual delightful style. The choruses and other musical selections were highly enjoyable.

The address of the evening was delivered by Prof. Matthews of the Tempe Normal, who spoke quite impressively of the obligations of pupils and teachers in character building.

Prof. F. D. Smith delivered the diplomas, after speaking to the members of the class in a simple and beautiful manner, of their duty to the world and of the importance of continuing their studies in the high school.

Those receiving diplomas were Gladys Cory, Paul G. Crunk, Sidney W. Ellery, Nellie Galentine, Mae Galentine, Katie Pearl Gates, Andrew E. Gibson, Olive A. Gibson, Joseph L. Gandy, Una G. Hays, Georgia Belle Hazlewood, Gordon Archer, Harold Johnson, Kathryn A. Kasser, Marion F. Kasser, Ray E. King, Lillie Kinsman, Ava Long, Fred H. Medlin, Rebecca Pearl McGowan, Marjorie McGrath, Winifred I. Morse, Marguerite Maurel, Olynda Naquin, Marjorie N. Nave, Elizabeth Obert, Bessie May Opie, Anna L. Rose, Herbert W. Rubottom, Emmett Ryan, Eugene Schornick, Glenn William Schuck, Alpha Schuck, Lucille E. Slack, Mina B. Stevens, Irene F. Weller, James Henry Williams, Laura Hazel Woods, Lenora Young.

As a mark of appreciation to the loved teacher who had piloted them through the past year's studies, the students presented their tutor, A. L. Jones, with a beautiful ring, which he received with a brief expression of thanks.

There were a number of beautiful bouquets and baskets of flowers presented.

Cuts, sprains, bruises, bumps, burns or scalds. Don't neglect such things—they may result serious if you do. Apply Ballard's Snow Liniment according to directions right away and it will relieve the pain and heal the trouble. Prices 25c, 50c and \$1.00. Sold by Palace Pharmacy.

ANSWERS EVERY CALL

Globe People Have Found That This Is True

A cold, a strain, a sudden wrench. A little case may hurt the kidneys. Spills of backache often follow. Or some irregularity of the urine. A certain remedy for such attacks. A medicine that answers every call—Is Doan's Kidney Pills, a true specific.

Thousands of people rely upon it. Here is one case: Louis Troutz, Seepel Hotel, Prescott, Ariz., says: "I know Doan's Kidney Pills to be worthy of all the praise given them. A little over a year ago my back and kidneys began to trouble me, and no doubt to exposure to dampness. At times I could hardly straighten and my back grew so lame that I thought I would have to give up. Learning of Doan's Kidney Pills, I procured a box and soon after commencing their use I noticed an improvement. The contents of two boxes completely cured me and I have had no kidney trouble since. Doan's Kidney Pills are worthy of my endorsement."

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, New York, sole agents for the United States. Remember the name—Doan's—and take no other.

MUST COMMISSIONS APPROVE RATES

Such Is Question When Senate Adjourned from Its Labors Yesterday

WASHINGTON, D. C., May 25.—Whether the railroad shall prohibit flatly increases in railroad rates without approval of the interstate commerce commission or shall extend to six months the time during which the commission may suspend increased rates, was the question before the senate when it adjourned today.

The session was devoted to a discussion of the amendments by Cummins, Borah and Dooliver.

The suggestion of the extension of the time during which the commission may suspend rates for investigation was made by Senator Martin. He proposed to amend the Cummins provision by inserting a clause requiring "a final decision shall be rendered within six months from the date in which the schedule is filed."

Many senators predicted its acceptance when the question comes to a vote.

Fortunes have been made in oil in the past;
Fortunes are being made in oil today,
and
Greater fortunes are being made in California oils than have ever been known.

These four lines tell you a world's story, because the facts are indisputable that there have been larger and more general fortunes made out of oil than any other mineral known to the earth, and prices steadily advancing because the demand is close up to the production, with an ever-increasing use to which crude oil and its products may be put. The Geological Survey of the United States has presented some remarkable figures to the government, and through it to the public, concerning the oil area of the State of California, and the amount of oil contained therein.

Estimating the quantity of oil there is in the United States actually known to exist, that department of the government states that California contains a minimum of FIVE BILLION BARRELS (of 42 gallons each) of which there is being produced but four million barrels per month.

One year from today this Company should be producing at least 200,000 barrels of this oil every month. Can you see the profits to be derived from an investment with us? Be a Rockefeller.
